Home Ready California

FREE ONLINE COURSE

Storm readiness for California homeowners.

- Your flood zone, and what El Niño could bring
- Where water gets into a house, and the cheap fixes first
- Gutters, drainage and sandbags that work
- What insurance leaves out, and how to get through outages
- A bonus for your part of the state, from the coast to the desert

About 1 hour, in 5 short lessons. Read or listen. Free, with a storm plan for your home and a certificate.
